

Vulkan Presentation Timing Extension

Wednesday, 16 September 2020 20:20 (5 minutes)

The Khronos Vulkan working group, recognizing substantial research and development efforts in the open source graphics community in the area, has agreed to make development of the work-in-progress Vulkan presentation timing extension public. This talk will give a very, very brief overview of the current spec and point attendees at the github home for development of the specification.

Code of Conduct

Yes
